BLOOD: WATER MISSION, INC.
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2018

NOTE 1---NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Blood: Water Mission, Inc. (the Organization) is a not-for-profit organization located in Nashville, Tennessee that operates as an equipping agency that partners with African grassroots organizations to address the HIV/AIDS and water crisis. They do this by identifying Africa's hidden heroes and coming alongside their vision for change. The Organization provides technical, financial and organizational support so that African civil society organizations have expanded reach and effectiveness in the communities they serve. All of the Organization's income is derived from donations from individuals, churches, companies, and foundations.

Basis of Presentation

The financial statements of the Organization have been prepared on the accrual basis of accounting and accordingly, revenue is recognized when earned, support and promises to give are recognized when received, and expenses are recorded when incurred.

The financial statement presentation follows the recommendations of the Financial Accounting Standard Board's Accounting Standard Codification 958 (FASB ASC 958). Under FASB ASC 958, the Organization is required to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions, and net assets with donor restrictions.

Financial position and activities are classified based on the existence or absence of donor restrictions as follows:

Net Assets without donor restrictions — Net assets that are not restricted by purpose or time either temporarily or perpetually by explicit donor stipulations or by law. Board designation does not constitute a donor restriction.

Net Assets with donor restrictions — Net assets that are restricted by purpose or time either temporarily or perpetually by explicit donor stipulations or by law.

At December 31, 2018, the Organization had \$19,362 in Net assets with donor restrictions respectively.

Donated Services

Donated services that require specialized skills and would be purchased if not provided by the donor are recognized as support and expenses based on the fair value of the services received. From time to time the Organization receives donated services from professional musicians for which the value is difficult to estimate. No amounts have been reflected in the financial statements for these services since they do not meet the criteria for recognition under the Financial Accounting Standard Board's Accounting Standard Codification 958 (FASB ASC 958).

NOTE 1---NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions and Expenses

Expenses are classified functionally as a measure of service efforts and accomplishments. Direct expenses, incurred for a single function, are allocated entirely to that function. Joint expenses applicable to more than one function are allocated on the basis of objectively summarized information or management estimates

Use of Estimates

The preparation of financial statements in conformity with the accrual basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers cash and all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

Advertising & Promotion

Advertising and promotional costs are expensed as incurred. For the year ended December 31, 2018, advertising and promotional expenses totaled \$40,954.

Compensated Absences

Employees of the Organization are entitled to paid vacation and paid sick days depending on job classification, length of service, and other factors. It is practicable for the Organization to estimate the amount of compensation for future absences; accordingly, the liability for compensated absences has been recorded in the accompanying financial statements under accrued liabilities. The Organization's policy is to recognize the costs of compensated absences when paid to employees.

Income Taxes

The Organization is a tax-exempt entity under Section 501 (c)(3) of the Internal Revenue Code. Accordingly, no provision for income tax is considered necessary. The Organization has adopted the guidance in ASC 740 on accounting for uncertainty in income taxes. For all tax positions taken by the Organization, management believes the likelihood is greater than 50 percent that the full amount of the tax positions taken will be ultimately realized. The Organization incurred no interest or penalties during the year ended December 31, 2018.
